Address: 2250 N. Kilpatrick St.

Portland, OR 97217

Comments:

Please reconsider the trajectory that the CRC is on. Rather, consider TDM measures (like tolling and individualized marketing programs) along with enhanced transit and earthquake upgrades BEFORE building 12 lanes. We can reduce CO2 emissions and congestion WITHOUT building a new freeway bridge. As the cost of gas increases more of us will look for alternative transportation. Please consider this NOW BEFORE you have you a 12 lane highway that is not meeting our needs of our children but rather the needs of the past generations.
