Comments:

I completely support the idea of putting light rail ~~across~~ across the Columbia river crossing! It would help reduce traffic, encourage more people to take public transit, reduce dependence on fossil fuels, and would be better on the environment than cars or buses. I simply don't see any reason to NOT run light rail across the I-5 bridge. I think it would also help the portland and Vancouver economies by bringing more people in and out of Oregon & Washington. It will also probably pave the ~~way~~ way for expanding light rail use.

1. WHICH BRIDGE OPTION DO YOU SUPPORT? (please check any that you would support)

- Replace the existing bridges
- Supplement the existing bridges with a new structure
- Do nothing—make no changes to the existing bridges
