Subject: Opposed to increasing traffic capacity of I-5 Interstate Bridge
Date: Tuesday, May 27, 2008 9:42:39 AM
Attachments:

As a 25 year resident of Portland, I am writing to state my opposition to any new bridge option that increases car and truck flow capacities!

At a time of climate change worries, we do not need to encourage more car traffic. Additionally, sky rocketing fuel prices could easily make increased capacity unneeded.

If any expansion is to be done, it should be directed at mass transit across the river.
