Comments:

Before adding a toll please consider the average person like me who makes less than \$40K a year.

Forced to commute from Vancouver to Wilsonville because that is where the work is. Our budget is already stress to the breaking point with the cost of gas and I already give 9% of my paycheck to the state of Oregon. Why should I have to pay a toll? This could potentially be the straw that breaks the camels back and force me out of my job. Then What????
