Comments:

- ① Strongly urge extension of light rail toiggins Bowl Terminus regardless of which bridge option is selected - ease congestion & help us go green
- ② Suggest one look at an arterial bridge for local traffic, & light rail & bikes & pedestrians - For all the on & off ramps between Delta Park & Mill Plain would not arterial lanes & a smaller bridge be less expensive & ease congestion - Just look at local traffic at rush hour - especially Marine Drive -
- ③ If an arterial bridge is not an option I would favor the supplemental ^{bridge} crossing option (less expensive) & where possible put the bike lanes as far from traffic as possible in the Hayden Island area
- ④ Consider adding tolls ASAP to reduce congestion

1. WHICH BRIDGE OPTION DO YOU SUPPORT? (please check any that you would support)

- Replace the existing bridges
 Supplement the existing bridges with a new structure
 Do nothing—make no changes to the existing bridges
 No opinion
