Comments:

I do not support a replacement for the existing bridges. I do support light rail and mass rapid transit ~~and~~ for this project. I do not believe more lanes for traffic on either north or southbound I-5 are necessary now or in the future. If we create more lanes it will encourage more people to drive. I also support the use of a toll on I-5 and on I-205 to ~~help~~ help with the costs ~~of~~ improvements and also to help discourage traffic by increasing fares at rush hour.

Bike and pedestrian lanes should be wide enough for bikes to safely pass pedestrians on both sides.

The Portland-Vancouver metro area would benefit with more light rail and buses. think about ~~how~~ how many more people would be interested in improved transit.

1. WHICH BRIDGE OPTION DO YOU SUPPORT? (please check any that you would support)

- Replace the existing bridges
- Supplement the existing bridges with a new structure
- Do nothing—make no changes to the existing bridges
- No opinion

none of these are acceptable options if they HAD the option.

2. WHAT HIGH CAPACITY TRANSIT MODE DO YOU SUPPORT? (please check any that you would support)

- Bus rapid transit between Vancouver and Portland
- Light rail between Vancouver and Portland
- Do not add high capacity transit between Vancouver and Portland
- No opinion

3. WOULD YOU SUPPORT BRINGING BUS RAPID TRANSIT OR LIGHT RAIL TO THE FOLLOWING LOCATIONS? (please check any that you would support)
