Vancouver, WA 98661

Comments:

I support light rail. I support a new I-5 bridge system. I support looking ahead fifty years so we are even with the transportation problems and not always at least 50 years behind. It doesn't take many studies for the average consumer to realize that the two areas in Portland that have only two lanes on I-5 have to be widened and that light rail must be added to the new bridge system. Let's get going yesterday!
