Comments:

I haven't studied the issue @ length, but after questioning the representative @ the Interstate Farmer's Market, it seems that the impact to businesses + residents in the area would be the same w/ replacement or supplement - I favor replacement because a new bridge could be brought up to code + while you're at it go ahead + put in 12 lanes (6 @ each way) to allow for future expansion. To do nothing is short-sighted (tho it may be preferred ~~impact~~ ^{by} residents + business who are impacted - and I'm sorry for that) Keep only one lane for carpool + allow the rest of traffic lanes for single drivers).

1. WHICH BRIDGE OPTION DO YOU SUPPORT? (please check any that you would support)

- Replace the existing bridges
- Supplement the existing bridges with a new structure
- Do nothing—make no changes to the existing bridges
- No opinion

2. WHAT HIGH CAPACITY TRANSIT MODE DO YOU SUPPORT? (please check any that you would support)

- Bus rapid transit between Vancouver and Portland
- Light rail between Vancouver and Portland
- Do not add high capacity transit between Vancouver and Portland
