Address: 310 NW Overlook Dr.

Vancouver, WA 98665

Comments:

Common sense and science tell us that if cars and trucks are on the road less they produce less emissions. Traffic jams are not only annoying, they cost us time, money, and air quality.

One simple way to fix this problem is to increase the number of lanes traffic can use. Any argument against this are specious at best. Preserve our environment and our freedom of travel. Give us a new bigger bridge.
