Address: 1921 N Winchell St

Portland, OR 97217

Comments:

I favor a new bridge with three through lanes plus the appropriate number of additional lanes to reasonably keep local traffic out of the through lanes and to keep on ramp and off ramp traffic from weaving together any more than is necessary.

The new bridge must include light rail to downtown Vancouver (not just along I-5) and provide first-class service for bikes and pedestrians.

The new bridge should make a positive aesthetic statement, help tie together Hayden Island and not interfere with local access to the freeway or to other neighborhoods for Kenton, Bridgeton, East Columbia and Hayden Island.
