Comments:

On Bridge: Obviously needed. Replacement.

On Tolls: Horrible Idea. Effect lower wage people too much. Causes huge delays. Is Bad PR. Anyone who has lived in a place that charges for a public road HATES IT. Gas tax or other revenue source a better option. Oregon has to shoulder fair share of responsibility. We give alot in taxes and increase Business.

On Light Rail: I just don't see the need. Overall the Portland/Vancouver is still to centralized for effective light rail. Maybe, just maybe, if the light rail expanded to east Vancouver it would be worth it. I do not think people who live in downtown Portland want to come to downtown Vancouver. So it only supports Vancouver to Portland but now you will have increased downtown traffic. So the traffic on the freeway is not ~~less~~ reduced, but traffic in Vancouver is increased. Lose/Lose. Improving the Bus system probably more worth it. OR improve Bus and infrastructure and expand light rail in 10+ years.
