Comments:

Tolling must be avoided at all costs. If tolls must be paid, every user of the bridge must be collected: Motor vehicle users, Bicycle riders, and pedestrians. Everyone who uses the Bridge should bear the cost of its construction.

The cost to, and effect imposed on individuals who cross the bridge very frequently must be considered. I use my vehicle for sales purposes and do a large volume of driving back and forth across the bridge. I am concerned about the impact on my personal finances.

I am bothered by the continued waste of tax dollars, and knee jerk reaction to go straight raising taxes. Government should tighten it's own belt and cut unnecessary spending before it asks it's residents and citizens for more money.

1. WHICH BRIDGE OPTION DO YOU SUPPORT? (please check any that you would support)
