Comments:

I've talked w/ the owner of a house on McLaughlin Blvd threatened w/ removal of large trees out front, along w/ a freshly paved sidewalk; he seemed to perk up at the idea of landowners being compensated by an equivalent amount of parking strip (grass, etc) created on side-streets tangential to Max coming in. This might prevent potential collisions by reducing car-flow & car-access.

I had advocated at neighborhood meetings in the past to create more green space by narrowing the streets.
