Address: 10907 NW 9th

Vancouver, wa 98685

Comments:

I am a citizen of Vancouver and fully support a new bridge. A new bridge has the smallest environmental impact on our region over the next 50 plus years. Please do not

listen to the environmental terrorist that sit on the Metro Council. Carlotta Collette, Carl Hosticka and Robert Liberty clearly have no ability to see the big picture and understand the importance of a new bridge. It will lead to an improved community, improved boat traffic, improved freight traffic, improved auto traffic, improved pedestrian traffic, which will do nothing but benefit the entire region plus over 50 plus years this is the most "GREEN" thing to do. I will even support it if it includes light rail.....which is the most costly transportation there is, buses are far less expensive.

Thanks  
Dustin Taylor
