Address: 17710 NE 31st St

Vancouver, WA 98682

Comments:

I support adding a toll to the existing I-5 bridge because research shows that adding lanes only adds to the congestion ("if you build it, they will come"). I also support adding light rail alongside the I-5 bridge. It will become the mode of choice thereby easing

congestion, become environmentally friendly and build community! Let's build a long term solution and make this problem into an opportunity! The light rail that ends at Clark College connects students and the community members to our Clark College & eases the congestion there too.
