Comments:

We live in JBMI in a floating home. The preferred alternative we are looking at would be a replacement bridge with the light rail/pedestrian access bridge adjacent to the I-5 bridge. The closer all the bridges and traffic stays together, the better and less impact to our migratory (noise, visuals, replacements-displacements of homes, wildlife, fish issues.)

The proposed "toll" concerns us as residents of Hayden Island. It is extremely high, and where does that leave the residents of Hayden Island if their Dr./Dentist is in Vancouver as ours is w/ Kaiser.

1. WHICH BRIDGE OPTION DO YOU SUPPORT? (please check any that you would support)

- Replace the existing bridges
- Supplement the existing bridges with a new structure
- Do nothing—make no changes to the existing bridges
- No opinion

2. WHAT HIGH CAPACITY TRANSIT MODE DO YOU SUPPORT? (please check any that you would support)

- Bus rapid transit between Vancouver and Portland
- Light rail between Vancouver and Portland
- Do not add high capacity transit between Vancouver and Portland
- No opinion
