- We need an enhanced I-405 from Hwy 30 along railroad Replacement: *Comments: across Hayden Island into Vancouver joining I-5 below the I-205 junction*
- I do not think the offset light rail over Hayden Island should be permitted. It would further divide our moorage (JBMI) since you want to build a bridge over A+B rows + wipe them out.
- I don't want our parking lot diminished either if parking spaces are removed for road improvement we will not meet the # of spaces per residence as require by Portland City Code
- I live on Brow @ JBMI - I really do not want to be moved for this project. This has been my home for 15 years + I am getting ready to retire
- This project, as is, is too huge! It needs to focus on ~~the~~ the Freeway + follow up for Pedestrians/Bikes
