Address: 3400 b kauffman ave
vancouver, wa 98660

Comments:

reusing the old bridge would be throwing good money to bad. if you do not replace it now, you will be doing it in another 20 years or so and it will cost twice as much.

i like tolls but they must be removed as soon as the project is paid for or it just becomes a tax on the few for the masses. it should go only to pay for the project it is installed for!!!
no other!
