Comments:

I travel on I5 on trips to Seattle/Bellingham via car, but mainly I travel over it to get to

Vancouver to shop and meet friends there. It's a straight shot via bicycle, but the connections and lanes are so hairy to get there, I usually end up taking a bus or just not going at all. Biking across that bridge is a giant pain! I support a toll bridge, regardless of whether it's new construction or not. I'm a bit sick of the tax-dodgers from the 'couver blocking more efficient means of transport, just because they don't want to pay their share. Their traffic blocks my neighborhood up every day of the week.
