I sincerely hope that persons making the decision will notice that one-way (south-bound) toll collection will be much more efficient, cost-effective, and traffic friendly.

Also, I'm in favor of:

tolls as soon as possible,

on 205 also,

time-scaled,

in even dollars for non-subscribers, and

at least \$1 minimum, \$3 rush hour (maybe \$5 for one-way collection).

Phil Loyd
