Comments:

I ride my bike to the Mall then take a #44 to Delta Park then take the yellow line in.

Incoming- 1 hour Outgoing- 1.5 to 2 hours

I understand that 2 project people disagree with including MAX across the Columbia to Vancouver because this may bring undesirable elements to our community. This problem can be solved with more security and should not be considered a serious limitation.

With gas at over \$4 a gallon and global warming affecting our climate, MAX is a must and I look forward to having it in my life time!

Please consider a big loop bringing it along SR-500 down to the PDX airport.
