**P-0694-001**

CRC staff attempted to assist people who were having difficulties with the Draft EIS viewer before the end of the public comment period. The Draft EIS was made available in multiple formats, including an on-line viewer, on-line PDFs, and on compact disks available for free. In addition, printed copies were sold for \$50 and printed copies were available to read in libraries and other community locations. For those having difficulties, there were also non-electronic means of submitting comments, including the U.S. mail.

P-0694-001 | Something is wrong with your viewer web site for the DEIS. It seems to skip large chunks of the report. I was on page 2-2 and it skipped to 2-15. I went back and it took me to page 2-3. Then later I could not get back to page 2-3. From page 2-15 it skips to page 2-42. So I have given up reading it for now.

Is this intentional?
