| Columbia River Draft Environmental Impact Statement JUN 05 2008  CROSSING COMMENT FORM Columbia River Crossing  The Columbia River Crossing project welcomes your comments on the findings of the Draft Environmental Impact  Statement or any other aspect of the project or process. Please fill out this form and use additional sheets of paper if necessary. Give this form to project staff or return to the project office.  TELL US ABOUT YOURSELF  What is your home zip code? 98684 Work zip code? 97227 |  |
| Do you: (check all that apply)  ☐ Live in the project area? ☐ Work in the project area? ☐ Own a business in the project area? ☐ Other  |  |
| P-0910-001 LETS REPLACE THE EXISTING BRIDGES AND BUILD TO SUPPORT OUR REGION'S FUTURE GROWTH + PROSPERITY. LIGHT RAIL IS AN OFTION I WIN SUPPORT + UTILIZE IF IT IS MADE AVAILABLE TO OUR VANCOUNER REGION. ALTERNATIVE #3: REPLACEMENT CROSSING WITH LIGHT RAIL IS THE MOST FLASIBLE OFTION AND INCREASES THE SAFETY THE COUMBY A RIVER CROSSING.   |  |
| 1. WHICH BRIDGE OPTION DO YOU SUPPORT? (please check any that you would support)  P-0910-002 Replace the existing bridges  |  |
| Supplement the existing bridges with a new structure  Do nothing—make no changes to the existing bridges  No opinion  - over -   |  |

## P-0910-001

Preferences for specific alternatives or options, as expressed in comments received before and after the issuance of the DEIS, were shared with local sponsor agencies to inform decision making. Following the close of the 60-day DEIS public comment period in July 2008, the CRC project's six local sponsor agencies selected a replacement I-5 bridge with light rail to Clark College as the project's Locally Preferred Alternative (LPA). These sponsor agencies, which include the Portland City Council, Vancouver City Council, TriMet Board, C-TRAN Board, Metro Council, RTC Board, considered the DEIS analysis, public comment, and a recommendation from the CRC Task Force when voting on the LPA.

With the LPA, new bridges will replace the existing Interstate Bridges to carry I-5 traffic, light rail, pedestrians and bicyclists across the Columbia River. Light rail will extend from the Expo Center MAX Station in Portland to a station and park and ride at Clark College in Vancouver. Pedestrians and bicyclists would travel along a wider and safer path than exists today.

For a more detailed description of highway, transit, and bicycle and pedestrian improvements associated with the LPA, see Chapter 2 of the FEIS.

## P-0910-002

Thank you for your comment. Preferences for specific alternatives or options, as expressed in comments received before and after the issuance of the DEIS, were shared with local sponsor agencies to inform decision making.
