Columbia River Crossing Comment Form

Draft Environmental Impact Statement

The Columbia River Crossing project welcomes your comments on the findings of the Draft Environmental Impact Statement or any other aspect of the project or process. Please fill out this form and use additional sheets of paper if necessary. Give this form to project staff or return to the project office.

TELL US ABOUT YOURSELF

What is your home zip code? 98665 Work zip code? 98663

Do you: (check all that apply)

- Live in the project area?
- Work in the project area?
- Own a business in the project area?

- Commute through the project area?
- Other OWN PROPERTY

How do you regularly travel in the project area: (check all that apply)

- Bicycle?
- Car or Truck?
- Other
- Bus?
- Walk?

P-1112-001 Comments:

NO LIGHT RAIL IN VANCOUVER.

1. WHICH BRIDGE OPTION DO YOU SUPPORT? (please check any that you would support)

- Replace the existing bridges
- Supplement the existing bridges with a new structure
- Do nothing—make no changes to the existing bridges
- No opinion

- over -

P-1112-001

Following the close of the 60-day DEIS public comment period in July 2008, the CRC project's six local sponsor agencies selected light rail to Clark College as the project's preferred transit mode. These sponsor agencies, which include the Vancouver City Council, Portland City Council, C-TRAN Board, TriMet Board, RTC Board and Metro Council considered the DEIS analysis, public comment, and a recommendation from the CRC Task Force (a broad group of stakeholders representative of the range of interests affected by the project - see the DEIS Public Involvement Appendix for more information regarding the CRC Task Force) before voting on the LPA.

As illustrated in the DEIS, and summarized in Exhibit 29 (page S-33) of the Executive Summary, light rail would better serve transit riders than bus rapid transit (BRT) within the CRC project area. Light rail would carry more passengers across the river during the PM peak, result in more people choosing to take transit, faster travel times through the project area, fewer potential noise impacts, and lower costs per incremental rider than BRT. Additionally, light rail is more likely to attract desirable development on Hayden Island and in downtown Vancouver, which is consistent with local land use plans.

P-1112-002

Preferences for specific alternatives or options, as expressed in comments received before and after the issuance of the DEIS, were shared with local sponsor agencies to inform decision making. Following the close of the 60-day DEIS public comment period in July 2008, the CRC project's six local sponsor agencies selected a replacement I-5 bridge with light rail to Clark College as the project's Locally Preferred Alternative (LPA). These sponsor agencies, which include the Portland City Council, Vancouver City Council, TriMet Board, C-TRAN Board, Metro Council, RTC Board, considered the DEIS analysis, public comment, and a recommendation from the CRC Task Force when voting

2. WHAT HIGH CAPACITY TRANSIT MODE DO YOU SUPPORT? (please check any that you would support)
P-1112-002 Bus rapid transit between Vancouver and Portland

 Light rail between Vancouver and Portland

 Do not add high capacity transit between Vancouver and Portland

 No opinion

3. WOULD YOU SUPPORT BRINGING BUS RAPID TRANSIT OR LIGHT RAIL TO THE FOLLOWING LOCATIONS? (please check any that you would support)

	Yes	No	Unsure	No Opinion
Lincoln Terminus (39th and Main)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Higgins Bowl Terminus (I-5 and 45th)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Clark College MOS Terminus	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Mill Plain MOS Terminus (15th and Main)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

DO YOU WANT TO STAY INVOLVED IN THE PROJECT? | Optional
 YES NO Would you like to be added to the project mailing list?

on the LPA.

With the LPA, new bridges will replace the existing Interstate Bridges to carry I-5 traffic, light rail, pedestrians and bicyclists across the Columbia River. Light rail will extend from the Expo Center MAX Station in Portland to a station and park and ride at Clark College in Vancouver. Pedestrians and bicyclists would travel along a wider and safer path than exists today.

For a more detailed description of highway, transit, and bicycle and pedestrian improvements associated with the LPA, see Chapter 2 of the FEIS.
