Hi Nicki.

There is no catalog cut for the rollers.

I've requested for a shop drawing of the rollers, instead. Still waiting for a drawing to be emailed to me. Once I have it, I'll forward it to you right away.

Hi Nicki.

That is all I've got for the rollers. Do you need more?

Subject: Rollers

Hi Vernon,

Would you happen to have any documentation for the rollers? You sent me the certificate of compliance, but is there anything else you might have?

Thanks,

Nicki
