Columbia River Bridge Temporary Pile Test Program -

I called Steve Brannon with American Construction Co., Inc. (253) 254-0118 at 3:35 PM to inform them that this contract was awarded to their firm today. Steve Brannon was not in office today and I asked the receptionist to leave him a message that this contract was awarded to their firm today. I also informed them that the 20-calendar days for execution would require they have signed contract returned to WSDOT by February 2, 2011 and working days would begin to be charged on February 7, 2011.
