Contract	Day	Date
8078	Monday	February 7, 2011

DIARY - Including but not limited to: a report of the day's operations, time log (if applicable), orders given and received, discussions with contractor, and any applicable statements for the monthly estimate.

I called Vernon Uy at 11:15 AM and informed him of our response to RFI #4 and RFI #5 (See Serial Letters #11 and #12).

Vernon informed me they will have all material delivered to Tidewater (staging area) by Wednesday 2/9/11 and their first working day will be Thursday 2/10/11. He said they are scheduled to be towed from Tidewater to location "A" at 7:00 AM and will arrive on project at 8:00 AM. I informed Vernon that per the Contract Special Provisions we are required to start charging working days today and this would be the first chargeable day.
