DIARY - Including but not limited to: a report of the day's operations, time log (if applicable), orders given and received, discussions with contractor, and any applicable statements for the monthly estimate.

11:40 AM - Received a call from Todd Nelson (WSDOT) that American Construction Company Inc has finished installing pile B-1 on the Washington side of the river and would be moving their barge at 12:30 PM back to the Oregon side for restrike and pile removal.

12:40 PM - Inspector arrives at the I-5 bridge over the Columbia River. American Construction Company Inc is moving their barge from site B in Washington to site A in Oregon to restrike and remove piles at that location. Photos taken of site.

2:15 PM - Inspector arrives back at the I-5 bridge over the Columbia River. On site to take photos of the proximity of the test piles to the existing I-5 bridge per the request of Frank Green.

Contractor's workforce, equipment and materials can be found on Todd Nelson's IDR.
