Subject: RE: 12/14 PRELIMINARY Bid Opening results

As requested by the CRC staff, we will be submitting a work order to reduce CRC PE work order XL3604 by \$4,083.56 in fed CK and reducing the TPA by \$237,453.39. This will provide the additional funds for contract 8231.

Brian,

The contract 008231 (under the PE phase D00506W) came in high. I noticed that you have N-lines on the RW phase that could possibly be reduced to cover the increase to 008231.

Are you considering reducing RW to fund the increase?

Thanks

About \$150K above our estimate...It appears we will be looking for TPA funds...

George
