**Comment:**

I support the Pacific Interchange alternative. I lived in Bryant for 10 years, still work in that area, and have suffered through the Montlake traffic. I always thought it was such a shame that the Montlake Bridge was a historical landmark and therefore couldn't be demolished and widened since it currently creates such a bottleneck. When I saw the Pacific Interchange plan, I thought it was brilliant. Someone found a way to just bypass that horrible bridge altogether, and it has many other benefits as well. I hope the vision comes to pass.

Thank You,  
Tim LaPlante
