Subject: tunnel at sr-520

I-1144-001

PLEASE explore the possibility if a tunnel replacing the 520 bridge through Portage and Union bays. To continue to foster the notion that this region and city are world class, we need to act as such. When we have an opportunity to make this area a better place to live, we should do so and removing visible concrete and preserving our natural setting are positive steps in that direction. Am told that a tunnel alternative may be financially better as well.

Thanks in advance for your consideration.
