I-1159-001

Although I am a bike rider, I oppose the development of a new bike path that would run from Madison Park to the Montlake area. There is no doubt that people who have business or other activities at the U/W will park their cars in Madison Park... greatly worsening the congestion in an already crowded area. Even now, often during the day there is a line of cars backed up from the traffic light at Madison and Lk. Washington Blvd. all the way up to the crest of the Madison St. hill to 34th St. E. or beyond.

And U/W football games will be a nightmare. I know; I used to live in Montlake.

In general I favor bike paths...but this is the WRONG PLACE for one.

Thanks for considering my point of view.
