Comment:

Thank you so much for your hard work to improve the 520.

We are opposed to the Pacific Interchange as we believe it would add considerable noise which would impact the wildlife of tranquil Union Bay and also the residents in Laurelhurst facing towards Union Bay. Waterskiing is banned in Union Bay; Opening Day Fireworks displays get cancelled in Union Bay... but it is OK to build a bridge across Union Bay?!

We are thrilled about the proposed sound walls along both sides of the 520 itself.
