STATEMENT OF DAVE VAN PATTEN

I-0364-0014

My name is Dave Van Patten. And my comment or concern is that the Pacific Interchange appears -- or the six-lane option appears to be putting, according to the Department of Transportation people I talked to, 240 more cars an hour on Lake Washington Boulevard. We already have traffic jams that stretch over half a mile going south in the evening and, not so frequently, north in the morning.

And I would like to see how we can move that traffic to an arterial that is a primary arterial as opposed to a secondary arterial, which Lake Washington is, like, say, 24th. And I'd like to get a comment back. That's it.
Okay.

I-0364-001
