

SR 520, I-5 to Medina: Supplemental Draft EIS Comment Form

Please use this form to share your comments on the content provided in the Supplemental Draft Environmental Impact Statement document. WSDOT will consider all comments received between Jan. 22 and April 15, 2010 in making its final decision in the environmental review process. Thank you for your comments.

You can provide comments using one of the following methods:

- Complete this form.
- Mail your comments to Jenifer Young, SDEIS Environmental Manager, Washington State Department of Transportation, 600 Stewart Street, Suite 520, Seattle, WA 98101.
- E-mail your comments to SR520Bridge_SDEIS@wsdot.wa.gov.
- Speak to a court reporter at an environmental hearing scheduled for 5 – 7 p.m., Feb. 23, at Lake Union Park Naval Reserve Building, 860 Terry Ave. N., Seattle.

7. Do you have any comments on the SR 520, I-5 to Medina: Bridge Replacement and HOV Project Supplemental Draft Environmental Impact Statement?

I-134-001

After reading over the document I found it to be both fair and complete. As a daily user of the 520 corridor and the Evergreen Floating Bridge my preferred planned is the 6 lane alternative and option K. As the region continues to grow I do not believe that Seattle can continue to survive as an economic hub if we don't expand access both in and out of the city. Seattle's future is currently up in the air, the harder it is to get into town the less companies and professionals like myself will want to work here. I hope we will actually be able to get something done soon, but probably not.

These comments will become part of the public record for the SR 520, I-5 to Medina: Bridge Replacement and HOV Project Supplemental Draft Environmental Impact Statement. Personal information is voluntary and will become part of the public record if provided. The Washington State Department of Transportation is a public agency and is subject to the State of Washington's Public Records Act (RCW 42.56). Therefore, comments may be made available to anyone requesting them for non-commercial purposes.

I-134-001

Comment noted. WSDOT received a number of comments in support of and in opposition to Options A, K, and L and the associated suboptions. These opinions are summarized in the Supplemental Draft Environmental Impact Statement Summary of Comments (WSDOT, April 2010), available at <http://www.wsdot.wa.gov/Projects/SR520Bridge/SDEIS.htm>.

Since publication of the SDEIS, WSDOT has identified a Preferred Alternative, which is similar to Option A but with a number of design refinements that would improve mobility and safety while reducing negative effects. Chapter 2 of the Final EIS describes the Preferred Alternative and Chapters 5 and 6 describe its environmental effects.
