Yes I just wanted to say that I would like to have the Alaskan Way Viaduct rebuilt.
Thank you.

FHWA, WSDOT, and the City of Seattle appreciate receiving your comments on the Rebuild Alternative. After studying several retrofitting concepts, the lead agencies found that rebuilding the viaduct would not be a cost-effective, long-term solution that adequately addresses the risks to public safety and the weakened state of the viaduct. Elements of the Rebuild and Aerial Alternatives were incorporated into the Elevated Structure Alternative, which was analyzed in the 2006 Supplemental Draft EIS and the Final EIS. Because the project has evolved since comments were submitted in 2004, please refer to the Final EIS for current information.
