

# Alaskan Way Viaduct and Seawall Replacement Project

## Draft EIS Comment Form

Please use this form to give us comments on the Draft Environmental Impact Statement (Draft EIS) for the Alaskan Way Viaduct and Seawall Replacement Project. The comments you make will become part of the public record for this project. Your thoughts will help decision makers develop a preferred alternative. Responses to your comments will be provided in the Final EIS.

**Contact Information:** At a minimum, please provide your name and Zip Code. If you would like to be added to the project mailing list, please fill out the rest of the contact information and check the box below.

Name: \_\_\_\_\_

Organization/Membership Affiliation (optional): \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: 98105

E-mail: \_\_\_\_\_

☐ Check here if you would like to be added to the project mailing list.

### I. Choose a topic:

| <input type="checkbox"/> All of the Alternatives | <input type="checkbox"/> Bypass Tunnel Alternative | <input type="checkbox"/> Other                               |
| <input type="checkbox"/> Rebuild Alternative     | <input type="checkbox"/> Surface Alternative       |  |
| <input type="checkbox"/> Aerial Alternative      | <input checked="" type="checkbox"/> Seawall        |  |

What are your comments about the project?

I-010-001

Why hasn't a stand-alone seawall  
renovation project been considered?  
If RT10 fails, what happens?

(Please use additional paper if you need further comment space)

### I-010-001

FHWA, WSDOT, and the City of Seattle appreciate receiving your comments. The lead agencies have identified the Bored Tunnel Alternative as the preferred alternative. Replacing the Elliott Bay Seawall would be a separate project if the Bored Tunnel Alternative is selected, because the failing seawall does not have the potential to affect the seismic stability of this alignment. Please see Chapter 3 in the Final EIS for a description of the current configuration for each alternative in the project area.
