What are your comments about the Project?

I-549-001

Best alternative, best value for our investment is the tunnel.

I-549-001

FHWA, WSDOT, and the City of Seattle appreciate receiving your comments on the 2006 Cut-and-Cover Tunnel Alternative. The alignment for the Cut-and-Cover Tunnel Alternative has been refined in the Final EIS. The lead agencies have identified the Bored Tunnel Alternative as the preferred alternative due to its ability to best meet the project's identified purposes and needs and the support it has received from diverse interests. Because the project has evolved since comments were submitted in 2006, please refer to the Final EIS for current information.
