What are your comments about the Project?

I-597-001

I feel that the elevated structure is the way we should go. The cost is a big influence. I feel cost on the tunnel would have too many over runs, take too long to build & we have too many other projects to do 520 etc. like the lowered 99 North of battery street tunnel would improve the area.

I-597-001

FHWA, WSDOT, and the City of Seattle appreciate receiving your comments on the Elevated Structure Alternative. Because the project has evolved since comments were submitted in 2006, please refer to the Final EIS for current information.
