I UNDERSTAND THAT THE STATE LEGISLATURE
PASSED A BILL IN THE LAST FEW DAYS OF THIS
YEARS SESSION THAT ELIMINATES THE AERIAL
AND BY PASS OPTIONS. IF SO, WHAT IMPACT, IF ANY,
DOES THIS HAVE ON THE PROJECT?

The 2004 transportation funding bill passed by the state legislature includes a provision that prohibits WSDOT from funding any alternative which reduces capacity in the project corridor. Since the publication of the 2004 Draft EIS the project's alternatives have evolved. Please see the Final EIS for current project information. All alternatives under consideration in the Final EIS meet this requirement.
