

**Alaskan Way Viaduct and Seawall Replacement Project Draft EIS
Comment Form**

Please use this form to give us comments on the Draft Environmental Impact Statement (Draft EIS) for the Alaskan Way Viaduct and Seawall Replacement Project. The comments you make will become part of the public record for this project. Your thoughts will help decision makers develop a preferred alternative. Responses to your comments will be provided in the Final EIS.

What are your comments about the Project?

That the DOT of Seattle work to construction companies that include in their bids a commitment to working with CASA latina to employ our workers in the construction.

RECEIVED

AWSP Team Office

C-044-001

In March 2009, Casa Latina moved to their new building east of I-5 in the International District neighborhood. The new location is outside of the Alaskan Way Viaduct project area.

WSDOT will comply with the federal requirements for disadvantaged business enterprise (DBE) participation. WSDOT cannot require contractors to hire workers from specific organizations. However, WSDOT can and does encourage contractors to work with local organizations and to develop programs that draw on the local labor pool.
