

Alaskan Way Viaduct and Seawall Replacement Project

Draft EIS Comment Form

Please use this form to give us comments on the Draft Environmental Impact Statement (Draft EIS) for the Alaskan Way Viaduct and Seawall Replacement Project. The comments you make will become part of the public record for this project. Your thoughts will help decision makers develop a preferred alternative. Responses to your comments will be provided in the Final EIS.

Contact Information: At a minimum, please provide your name and Zip Code. If you would like to be added to the project mailing list, please fill out the rest of the contact information and check the box below.

What are your comments about the project?

I-514-001

I have concerns that most of the proposed alternatives would add ~~at~~ surface traffic along Alaskan Way, with the potential to make the area less pedestrian friendly. The Bypass and the Surface alternatives would be the worst for pedestrians. Only the Rebuild alternative retains the area for pedestrians - while maintaining parking for waterfront visitors.

I-514-001

The Bored Tunnel or Cut-and-Cover Tunnel Alternative would provide the most pedestrian-friendly atmosphere by moving SR 99 traffic below-ground through the central waterfront area.
