

Alaskan Way Viaduct and Seawall Replacement Project

Draft EIS Comment Form

Please use this form to give us comments on the Draft Environmental Impact Statement (Draft EIS) for the Alaskan Way Viaduct and Seawall Replacement Project. The comments you make will become part of the public record for this project. Your thoughts will help decision makers develop a preferred alternative. Responses to your comments will be provided in the Final EIS.

Contact Information: At a minimum, please provide your name and Zip Code. If you would like to be added to the project mailing list, please fill out the rest of the contact information and check the box below.

Name: Tom Whitaker

Organization/Membership Affiliation (optional): _____

Address: 934- N.W. 59th St.

What are your comments about the project?

During construction of ~~all~~ all alternatives, will there be provisions for bike traffic along the waterfront, i.e. as an example: biking south through E. Myrtle Park to the waterfront surface streets in order to gain access to downtown?

(Please use additional paper if you need further comment space)

I-528-001

Bicycle access will be maintained at all times during construction activities. At times, it will be necessary to reroute bicycles using temporary facilities or detours that will be designed to minimize user inconvenience. More information about bicycle facilities can be found in the Final EIS Appendix C, Transportation Discipline Report.
