What are your comments about the project?

I-531-001

It would be better to  
get rid of the ~~SSA~~  
above surface route  
altogether; without  
a ~~seawall~~ tunnel, it would be  
much SAFER for pedestrians.

### I-531-001

FHWA, WSDOT, and the City of Seattle appreciate receiving your comments on the Surface Alternative. As explained in the 2010 Supplemental Draft EIS and the Final EIS, the Surface Alternative does not meet the project's purpose and need to provide capacity to and through downtown Seattle. Because the project has evolved since comments were submitted in 2004 and 2006, please refer to the Final EIS for current information.
