**I-0520-001**

Dear Sir or Madam,

I am writing (e-mailing) about the new bridge proposed for SR 520. I support the Pacific Street Interchange alternative for SR520. This option not only offers an easy link with the new light rail being built but it also preserves the neighborhoods surrounding SR520. It also offers possible bike routes to Madison Park from Montlake and limits the intrusion of SR520 on the neighborhoods the route goes through. I am strongly in favor of the Pacific Street Interchange option.

Ronald Levin
