We definitely need to replace with a larger bridge. I lived above 520 for 25 yrs. and saw the traffic patterns change to more car from Seattle than from the eastside. We should use "quiet pavement" and cover alot from bridge deck to Bellevue Way..  
A lot of noise migrate west from the tunnel effect from 405.

**I-0839-002**

Build at least a 6 lane structure with exit to Pacific St.
