Dear City Council:

I-1005-001

The Pacific Street Interchange plan is **genius !!**

=

Less traffic bottlenecks

Less air pollution...due to the current bottlenecks<= /STRONG>

Less noise pollution due to irate commuters using there h= orns

Less noise pollution from emergency transports fighting t= he bottlenecks.

Park improvements

Return of our Greenbelt from Portage Bay to Union Bay

A major connection of "light rail" at Husky Stadium.=

It just makes sense !!!

Thank you, Gene Beckwith jr.
