Comment Summary:

Pacific Street Interchange Option

Response:

See Section 1.2 of the 2006 Draft EIS Comment Response Report.

I-1181-001 | I support the Pacific Street Interchange option for SR 520, and oppose all other alternatives

1. It's the only plan that makes a direct connection between bus and trains at the planned Sound Transit light rail station at the UW.
2. It's the only plan that reconnects the Montlake Neighborhood divided by SR 520 when it was first opened in 1962.
3. It's the only plan that eliminates the backups on the Montlake Blvd. from University Village to SR 520.
4. It's the only plan that provides a direct bike connection to the east side over a new Union Bay Bridge.

Thank you for your consideration. Sincerely, Linda L. Anderson (Mercer Island)
