Dear Mr. Krueger,

I-1189-001 | I request that a thorough Section 106 review be undertaken of the effects of the SR 520 Project on Washington Park Arboretum, Lake Washington Boulevard and University of Washington Campus. This area of Seattle is one of the most spectacular places of natural beauty and public amenity. The Arboretum, Lake Washington Boulevard and UW campus are significant Olmsted cultural landscapes, all are eligible for National Register of Historic Places, and all are adversely impacted by all proposed 520 alternatives.

To minimize the negative impacts, and recognizing that we must act to preserve the region's mobility, I support a 4-lane, transit-based plan for the 520 Bridge. Solving the region's congestion and traffic is obviously important; however many citizens are also passionate about preserving the natural beauty of Seattle.

Thank you,

Catherine Brunner
707 South Snoqualmie #5B
Seattle, WA 98108

I-1189-001
