Dear Sir/Madam,

**I-1239-001** As a Montlake resident for over 15 years, I firmly support the Pacific Street Interchange option for SR 520, and strongly oppose all other alternatives. It is the only plan that makes a direct connection between buses and trains at the planned Sound Transit light rail station at the UW. It is the only plan that eliminates the ever-worsening bottlenecks and traffic jams on the Montlake Blvd, both south of the Montlake Cut and from University Village to SR 520.

Thank you for listening to concerned and involved residents of the Montlake neighborhood.

Sincerely,  
Jill Ashman
